

Ramlal Suthar

Mobile App Developer • DevOps Engineer • Software Developer

Government engineering college, Ajmer • 2023 Pass out • ramsthr38@gmail.com • 7232841614

Work Experience

Developer @ Digia, Remote [🔗](#)

Sept 2023 - Present (8 months) | Full-time

- App Development
- my role is in both backend as well as frontend
- I am responsible for design, development, ensuring a seamless user experience (responsive UI). Work on bug fixes, performance improvements, and other enhancements to optimize the functionality of existing applications. Work with backend APIs to implement and deliver robust applications features.

Skills Developed: Flutter, Dart, NodeJs, Android, Firebase, AWS, SQL, Git

Projects

Coin Trade

- For paper trade
- Built based on api
- It is a mobile application that fetch the data from site through API Call and display the current price of various crypto currencies, also have a functionality of paper trade. It allows users to stay updated with real time price fluctuations etc.

Skills Developed: Flutter, Dart, Android Studio, Firebase, AWS

Car Rental

- For Object oriented understanding
- I worked on OOPS
- A Car Rental System using Object-Oriented Programming (OOP) principles is designed with features for renting and returning cars. The system includes functionalities for calculating rental prices based on different car types and durations. It efficiently manages information about customers, cars, and rental transactions within the system.

Skills Developed: Java, SQL, Linux, Software Workflow

Sorting Visualiser

- Sorting Visualizer
- build for visualize and deeply understand sorting algorithms
- A web development project which is used to visualize the sorting algorithms and performs the operation of algorithms step by step as the algorithms works like Bubble Sort, Selection Sort, Merge Sort.

Skills Developed: Python, NodeJs, Git, Data Structure

About Me

Experienced professional with expertise in Flutter, Dart, and Object-Oriented Programming. Skilled in Database Management Systems, Test Driven Development, and DevOps. Strong knowledge of mobile application platforms, Jenkins, and AWS. B.Tech in Computer Science Engineering from Government Engineering College Ajmer. I'm committed to gaining expertise in various technical skills and adapting to new challenges.

Skills

Java	Flutter
Dart	AWS
Go	Python
OOPs	Linux
Data Structure	Operating System
Jenkins	Server-Side Scripting
Algorithm	DBMS
SQL	Test Driven Development

Education

Government Engineering College, Ajmer
B.Tech, Computer Science Engineering (CSE) | 7.8 CGPA

2019 - 2023

Apex Public Senior Secondary School, Jodhpur
(PCM) | 80.40%

Apex Public Senior Secondary School, Jodhpur
All Subjects | 83.83%

Training

Flutter App Development
Java
Node Js
Devops
Data Structures And Algorithms
